

micromask

WCCF 77

Replace the photo mask in the front panel of your IMSAI 8080 or Cromemco Z-1 with a custom MICROMASK from RIGEL FOUR. Imagine, your computer with your name, your company's name or anything else professionally printed on the front panel. We can even include custom artwork or a company logo.

Consider the advantages:

- o Professional looking results
- o Installs in just minutes
- o No special tools required
- o Looks built-in... not added-on
- o Custom type styles available
- o Logo or custom artwork may be included
- o Quantities from one to thousands

Prices start at only \$19.95* for a standard MICROMASK which includes up to 17 characters in a type style similar to that shown above. Custom type styles and quantity prices quoted on request. Send us your requirements.

*add \$2.00 per order for shipping and handling.
California residents add 6.5% tax.

Delivery about 30 day after receipt of order.
